How to Spot a Drunk Driver

The Drunk Driver is not the only one at risk… We all are. A driver under the influence of alcohol may:

- Drive with the window rolled down in the cold
- Weave, hit curbs or other objects near the road
- Pass dangerously close to other cars
- Forget to use headlights
- Make wide turns
- Tailgate

Stay alert when driving at dangerous times

Notify police of any suspicious drivers

Tips for Hosts and Hostesses

- Don’t make drinking the main focus
- Provide food when alcohol is served
- Don’t push drinks
- Know that drunkenness is neither healthy, safe or amusing
- Assume responsibility for your guests
- Insure designated drivers don’t drink

Use a designated driver, or one will be appointed to you
